4. Data on the reuse of guarantees (collateral).

Financial guarantees received in a non-cash form shall not be sold, reinvested or pledged.

5. Retention of the guarantees received by the collective investment undertaking in connection with securities financing operations and total return swaps.

Number of custodians		1
1	Name	SOCIETE GENERALE
	Amount	154,955,900.51

6. Retention of the guarantees provided by the collective investment undertaking in connection with securities financing operations and total return swaps.

The custodian, Société Générale S.A., exercises three types of responsibility; respectively, the monitoring of the regularity of the decisions of the management company, the monitoring of cash flows of the CIU and the custody of the assets of the CIU.

Société Générale S.A also works with a limited number of sub-custodians, selected according to the most rigorous quality standards, including the management of possible conflicts of interest which may arise from these appointments. The Custodian has established an effective policy for identification, prevention and management of conflicts of interest, in compliance with national and international regulations as well as international norms.

7. Data on the earnings and costs for each type of securities financing operation and total return swap.

The CIU may use techniques for efficient management of portfolios, in compliance with the provisions of article R214-18 of the [French] Monetary and Financial Code, and in particular, temporary sales of securities.

- Maximum proportion of assets under management which may be subjected to securities financing transactions: up to 25% of the assets of the CIU.

- Expected proportion of assets under management which may be subject to securities financing transactions: 10% of the assets of the CIU.

The revenues generated by the securities lending transactions (from which direct and indirect operational costs borne by the Agent and, as the case may be, by the management company, must be deducted) must be paid to the CIU in question. Insofar as these indirect or direct costs do not increase the operating costs of the CIU, they were excluded from current expenses.
